

Prom Throne Assembly Instructions

Tip for Assembly - Fold along crease lines before assembling. Be patient! It takes about 10 minutes to assemble.

- 1** Open up folded stand-up so that it lays flat upside down on a clean surface.

A: Fold all easel and support pieces attached to back of the stand-up along crease lines.

B: While holding easel sides up in a 90 degree angle, fold both center easel braces up until notches lock into place with the notches on the sides of the easel.

C: Fold long angle brace into a 90 degree angle. Slide angle brace through hole in top tab.

D: Continue to slide angle brace downward and through hole in lower easel tab.

- 2** Close the two boxes and insert the tabs into slots to form the two armrests.

- 3** Attach gold end piece to the front of each armrest.

- 4** Insert armrests into large back piece.

- 5** Slide the filigree onto the top of backrest as shown in photo.

- 6** Slide the crest piece down onto the filigree and backrest as shown in photo.

Complete.
